It has been another amazing and fulfilling year for the Morton Golf Foundation as we deliver on our mission each day! As many of you may know, our foundation provides funding for programs offering a healthy, outdoor recreational environment, stressing the building of lasting personal relationships while seamlessly instill-

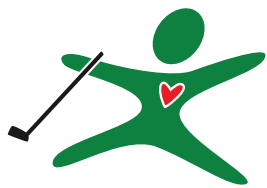

ing life's core values for the youth, adaptive and under-served communities of Sacramento. As you read our annual report for 2023, you can see the Morton Golf Foundation continues to impact the Sacramento community in major and unique ways.

Our Board of Directors and Committee Members, whose charity and passion to help others never ceases to amaze me, has granted nearly two million dollars to fund diverse and extremely important programs, which truly are changing lives. Upward of 90% of funds raised go directly back toward the Morton Golf Foundation mission and those we serve in the community. Each year we continue to give more and more to amazing area organizations, which is something we are extremely proud of. We can also finally be excited and proud to say the Hiram Johnson High School golf facility project is completed and programming will begin in 2024 at the school, using golf as a portal to help children who would never otherwise have seen the game.

As we move forward into 2024, we continue to explore how we can help the Sacramento community and push our mission forward. Helping those with special needs, organizations reaching less privileged children, working with our nation's veterans, rehabilitating stroke survivors, providing scholarships to further educational opportunities, and much more will continue to be a priority. We take this very seriously, even down to the individual human being level, through our youth golf grant program.

If you believe, as we do, what this amazing game does for all who encounter it, please help spread the word about the impact the Morton Golf Foundation is having in Sacramento. We can only further our reach through your generous support to provide even more opportunities in our community to those who are in need.

For additional information about the Morton Golf Foundation, please contact Executive Director, Jane Siebers at 3645 Fulton Ave, Sacramento, CA 95821. You may also reach her by phone (916) 808-0969 or by email at jsiebers@hagginoaks.com.

**MORTON GOLF
FOUNDATION**

Special thanks to Tom Morton, President of Morton Golf Foundation for playing golf for Morton Golf Foundation, Mike Woods, Vice-President for Morton Golf Foundation for performing his Caddie duties on Sunday, September 17th and everyone who donated to make over \$70,000.00 for Morton Golf Foundation!

The 8th Annual Capital Cup was held on September 15th – 18th, 2023 with a new title sponsor of L5 Investments (past sponsor Villara Building Systems).

This year's 32 participating golfers raised \$1,847,396.00! In the past, this is the largest charity event in Sacramento. This event raises more charity dollars than the Big Day of Giving each May.

Each participants pays a \$2,500.00 fee to participate in the fundraiser. This fee covers all event administrative and operating expenses allowing 100% of raised dollars to go directly toward each player's charity.

I am sure it's fun for the 32 players to play 3 competitive round of golf in 3 days, but the real fun is watching each charity receive their WINNING check (see photo attached)!

From the entire Board of Directors at Morton Golf Foundation we would like to thank everyone who donated to support us on our successful journey.

See everyone next year!

JUNIOR GOLF DEVELOPMENT GRANTS PROGRAM

SURPASSES \$330,000 IN JUNIOR GOLFER SUPPORT!

The Morton Golf Foundation (MGF) is proud to state that over \$330,000.00 has been awarded to support Junior Golfers over the 9 years of Junior Golf Development Grants!

MGF Junior Grants help Junior Girls and Boys attain and surpass their education and golf goals.

By supporting junior tournaments, lessons and equipment needs, MGF helps junior golfers use the game of golf to win college scholarships. Over the Junior Golf Development Grant history over 30 Junior Golfers have received golf related college scholarships.

These scholarships are a gateway to building strong young citizens who will succeed in any endeavor they choose.

APPLYING FOR A MORTON GOLF FOUNDATION JUNIOR GOLF DEVELOPMENT GRANT IS EASY:

1. If you live within a 50 mile radius of Haggin Oaks Golf Complex and are a junior golfer between the ages of 12 (by end of application period) and 18 (not enrolled in college) just go to MGF website at www.mortongolffoundation.org. Put your cursor on how we help, click on youth opportunities, scroll down to MGF Junior Golf Development Grant requirements and application, scroll down to the application. Fill out the application and hit submit.
2. Once application is received the MGF Interview Committee will schedule an interview for each applicant.
3. The Interview: Prior to the interview each applicant will receive several worksheets to complete. During the interview both parents and their junior player will be asked questions. As the interview progresses, using the completed worksheets, a golf plan is created specifically for each junior's needs.
4. When all junior applicant's interviews are completed, the MGF Interview Committee determines by individual junior applicant if the applicant receives a grant and the dollar amount of the grant. All applicants are notified of the MGF Interview Committee's decision.

The Morton Golf Foundation is looking forward to awarding more Junior Golf Development Grants in 2024. As junior golfers needs grow, so do our levels of funding!

BY: ROB SIEBERS

15TH ANNUAL

July 26th & 27th, 2023
By: Ken Morton, Jr.

“Golf & Guitars” is an annual 2-day event put on each year by the Morton Golf Foundation. This event includes a golf tournament, country music concert, silent auction, and plenty of food & beverages. The 2023 “Golf & Guitars” marked the 15th event at Haggin Oaks Golf Complex. Since the very first “Golf & Guitars”, the event has raised nearly \$2 million for the Morton Golf Foundation and various other charities. Thanks to everyone who has supported “Golf & Guitars” over the years!

Monday: Singer/Songwriter Night

The first event of “Golf & Guitars” is the Singer/Songwriter night which is for VIP Ticket holders only. The Singer/Songwriter night is much smaller than the main event the following night and it makes a more intimate and relaxed experience. The event has various artists perform on a smaller stage inside the Haggin Oaks Pavilion tent and all the guests are served a buffet dinner. In addition to the concert, the Morton Golf Foundation presented this year’s 18 college scholarship awards. The evening is a fun and lowkey night that gives VIP ticket holders a fun experience while celebrating the performers and scholarship award recipients.

2023 “GOLF & GUITARS” WINNERS

COUNTRY ARTIST	WINNING CHARITY OF CHOICE	AMOUNT
Will Rambeaux	St. Jude’s Children’s Hospital	\$5,000.00
Shane Hines	St. Jude’s Children’s Hospital	\$5,000.00
Megan Conner	Down Syndrome Assoc of Central TX	\$5,000.00
Eric Gunderson	The ALS Association	\$4,000.00
Tenille Arts	Cystic Fibrosis Foundation	\$4,000.00
Travis Simas	American Cancer Society	\$2,000.00

Tuesday: Charity Golf Tournament

The “Golf & Guitars” charity golf tournament is a scramble style with each group having one of the country music performers. This year there were 144 golfers in addition to performers and 3 teams tied for 1st Place with a score of 54. The 1st Place teams all won \$5,000.00 each that was donated to the charity selected by the performer in the foursome. The tournament is an exhilarating event where there is a sponsor booth on most holes offering merchandise, samples, or some sort of game. It is a unique opportunity for the performers to spend time with their fans and the Sacramento community before taking the stage that evening. The golfers love it as well as it is a much more casual tournament with celebrities and fun activities. After taking on the links, it is time for the artist to take on the stage.

Main Event: The Evening Concert

The main attraction of “Golf & Guitars” is always the concerts where the artists change out of golf clothes and take the stage in their country attire. This year’s concert included 12 performers / groups with headliners Easton Corbin, Randy Houser and Love & Theft. The concert also included heartwarming charitable acts like honoring some of our veterans and awarding the tournament prize to the winning artists.

Nearly 2,500 fans came out to this year’s “Golf & Guitars” concert, and as previously mentioned, the event raised nearly \$2 million since it was founded. It is worth noting that all of the performers are not paid to perform at “Golf & Guitars” and chose to volunteer their time and talent. Thank you to all the performers that shined at this event and made the entire event possible. Thank you to everyone that attended “Golf & Guitars” and we hope y’all enjoyed the show! We hope to see you again next year when we cross the \$2 million mark for charity!

CALIFORNIA EAGLES 2023 | by: Kelli Corlett

The California Eagle program is one of the longest standing programs of SAY Golf/First Tee – Greater Sacramento. It dates back to 1985 with a group of 10 special needs athletes. Fast forward to 2023 and now the program has 100+ athletes and runs at both William Land Golf Course and Haggin Oaks Golf Complex. The season itself starts in late Spring and operates until the middle of September. Athletes meet once a week at their appropriate golf course for an hour and a half, each week working on a different skill.

I have had the pleasure of seeing the program from a variety of angles. I started as a high school volunteer, then as a college student I worked with a specific group of athletes, then moved to a leadership role as the Director of Youth, Family and Adaptive Golf for Morton Golf and currently a volunteer. I have 20+ years of experience with this group and still learn from the athletes each and every week. For many of those 20 years, going to the Cal Eagles each week was part of my “job,” now it is a choice. A choice in which I would never change. I have learned so much from this group (athletes, their families, and volunteers) and am forever grateful. In a world in which everything is so fast paced, digital, arguably impersonal; I am reminded of the importance of personal relationships, the art of conversation, patience, the ability to walk in someone else’s shoes and the value of respect.

Thank you to all of the California Eagle Athletes, their families/caregivers and other volunteers for continually making a positive impact, I am so extremely lucky to play a role with this team.

SPECIAL OLYMPICS NORTHERN CA GOLF REGIONALS FRIDAY, SEPTEMBER 22ND, 2023 | HAGGIN OAKS GOLF COMPLEX

For the past 13 years Morton Golf Foundation has been a sponsor of the Special Olympics Northern California and Nevada Golf Regionals. This year nearly 400 Special Olympic Athletes gathered to participate. They arrived early full of enthusiasm and energy for a great morning of golf. The weather was a beautiful sunny day in the low 80’s which was ordered especially for the athletes. Several of the athletes demonstrated their golf skills at the back of the driving range on the Academy golf holes while others tested their golf skills on the course. Everyone met back in the Pavilion tent to find out how each athlete did as everyone went home with a medal. The Special Olympic Athletes traveled from all over Northern California and Nevada with the furthest TEAM visiting from Tulare. The athletes ended their day of fun, satisfied with the BIG burgers served at lunch and knowing they would continue to see their friends again on the course. Morton Golf Foundation looks forward to seeing them all next September at this event when we can do it all over again.

TEAM BENBROOK LAW GROUP WINS THE 2023 PUTTING PARTY!

The MacKenzie putting green was set-up with 18-holes of “fun” on Tuesday evening, May 9th, 2023. 15 Corporate TEAMS joined in the Morton Golf Foundation fundraiser where each team brought 5-putters and took the challenge of trying to win the 1st place spot.

This year, Benbrook Law Group brought their 5-person putting team of Brad Benbrook, Wes Ehlers, Bobby Siravo, Greg Lauck & Dave Swanson to WIN the event. All 15 teams putted and laughed their way around the 18-hole putting course as they enjoyed appetizers, drinks and a buffet dinner following.

The real winners are all the wonderful charities supported by Morton Golf Foundation. Please join us next May when we meet again for more fun, laughter and putting competition.

Hope to see you there!

By: Mike Woods

Angels for Hearts - "I ♥ Golf" Program 2023 | By Curtis Kaufman

Angels for Hearts is a Sacramento-based nonprofit. Their mission is to bring normalcy to pediatric heart patients ages newborn to 18, both in and out of the hospital. The nonprofit reminds heart kids that first and foremost they are kids before being heart patients. Angels for Hearts is truly one-of-a-kind, filling the 'Wishes, Wants &/or Needs' of pediatric heart families that have never been met before.

For those who love sports, it can become a wonderful passion. A way for families and friends to spend time together. At an event held by Angels for Hearts in August 2013, they found out that golf was the sport that was highly suggested by pediatric cardiologist for their patients to play. Why golf? According to Dr. John Chin "A round of golf is great for physical fitness—it is not overly strenuous, yet exercises muscle groups of the arms, legs, back and abdomen. Walking the course and a full, 18-hole round of golf involves a walk of around 5-7 miles or more. The less energetic players can choose to ride in a golf cart and play 9-holes or just putt and chip, still expending a significant amount of energy."

Hearing this by January 2014, Angels for Hearts developed a first-of-its-kind "I ♥ Golf" program giving heart kids and their siblings the opportunity to learn and grow the game of golf. For many children with a Congenital Heart Defect or CHD, "I ♥ Golf" is the first sport they have ever played. "I ♥ Golf" is a series of golf clinics, held at Haggin Oaks, hosted in partnership and affiliation with the Morton Golf Foundation and the Northern California Institute of Golf.

Angels for Hearts believes that heart families are first and foremost families before being heart patients. So, it was important to include the siblings. Golf is a great sport for the entire family; 2023 was their 10th season. Golf is great for kids because it is not just a sport it also teaches life lessons. Learning life lessons is important, but our heart families also have a chance to share live experiences with others who have heart kids and Heart Angels.

What are Heart Angel Families? Heart angel families are families that have lost a child to a cardiac issue. Many of our heart families are both heart families with a child with CHD and heart angel family having lost a child to CHD. It is a difficult topic for most families to share. Children born after the loss of a CHD child are often called "rainbow babies." After the storm, a rainbow appears, this is where the term comes from. Below is a quote from a Heart Angel Family.

Colin and Brittani Supenia, Heart Angel Parents to Wyatt, and big sister Hadley (heart healthy sibling) (Klamath Falls, Oregon)

"Once a heart family always a heart family".

Our family became an "Angels for Hearts" family under devastating circumstances.

Our sweet boy, Wyatt, was diagnosed with a rare genetic heart disorder. Angels for Hearts was so helpful from the moment we were connected. Unfortunately, Wyatt passed away and they have continued to be in our lives. Angels for hearts not only helped our immediate family but our entire family. I grew up in Sacramento before, marrying and having a family. My twin sister, Brooke as well as extended family still live in Sacramento. Our niece, Payton, was able to join the "I ♥ Golf" program. It has helped us connect with other heart parents, giving us an outlet to share our struggles and situations with others who have been in the same situation. Payton has participated "I ♥ Golf" program and benefited from the GolferShips awarded to all participants to continue lessons. We have loved watching her develop her confidence and golf skills."

Heart kids and their families do not take life for granted; they live. They make their own normal, in a not-so-normal world. That is why it is so important that Angels for Hearts provides a sense of normalcy for the heart families.

On behalf of Angels for Hearts, we thank Lead Instructor Alex Cooper for providing our golfers a wonderful learning environment, and the Morton Golf Foundation, Haggin Oaks Golf Complex and the Northern California Institute of Golf for their generous support of "I ♥ Golf."

"I ♥ Golf" is truly blessed to have the long-term relationship with the Morton Golf Foundation. Because of the generosity of donors, volunteers from the National Charity League Granite Bay Chapter we are excited for our 11th season of "I ♥ Golf" in 2024 and continuing to grow the game of golf one heart family at a time.

4th Annual "Capital Golf Challenge"

March 31st, 2023

Supporting MORTON GOLF FOUNDATION

Life & Golf Skills Academy at Hiram Johnson High School

Third time is a charm! This event date had been rescheduled 3 different times due to weather this year and we were so happy to have it be completed for the year.

The day started out cool but as each hole was played the competition and sun came out and it was a beautiful day at William Land Golf Course.

There were 8 City Elected Officials wearing light blue shirts playing a 2-person golf match between 8 County Elected Officials wearing forest green shirts. Competition stayed high and it was a fun morning with all politics aside and time to just enjoy the game.

The winning team this year was the CITY Team who took the perpetual trophy away from the COUNTY Team that won last year.

City Team (Light Blue Shirts)

Mayor Darrell Steinberg (TEAM CAPTAIN)

Allen Warren

Rob Fong

Katie Valenzuela

Jay Schenirer

Rick Jennings

Lisa Kaplan

Eric Guerra

County Team (Forest Green Shirts)

Supervisor Patrick Kennedy (TEAM CAPTAIN)

Rich Desmond

Pat Hume

Darren Suen

Brian Cooley

Rick Launey

Stephanie Nguyen

Mike Kozlowski

The dollars raised for the past 4 years will go toward the Life and Golf Skills Academy at Hiram Johnson High School. This Stadium Concept project will benefit all students at Hiram Johnson High School neighborhood. The Hiram Johnson community will have the opportunity to participate not only in after school golf programs but also throughout the summer months.

The construction has started at Hiram Johnson High School and will be completed this year. We look forward to touring this Stadium Concept project and see the end results of helping children that wouldn't have the opportunity to ever go to a golf course.

As we continue the "Capital Cup Challenge" each year the donated funds will help maintain and staff the facility.

Thanks to everyone for keeping the momentum going.

See you at Hiram Johnson High School soon!

GOLF FORE HEALTH 2023

By: STEVE ERDMA

Greetings

I hope this finds you well and I know you are looking forward to the second half of the season for the 2023 "Golf Fore Health" program. I wanted to take a quick moment to say Thank You to the people that allowed me to add five years on to my golfing career just by giving me the equipment, the encouragement and the will to participate in a friendly loving environment. As you know or may not know, during the break this summer I relocated to the Midwest to be closer to kids and grandkids. I found a beautiful home in SE Kansas that sits on 10 acres of partially wooded land with a creek running through it. Very peaceful near the town of Chanute, KS in Neosho County.

This message is going to Tom Morton, Jane Siebers, Ken Hurdle and David Windsor. Dave was my first contact for what I found was called Adaptive Golf. Dave was situated in Georgia and has dedicated his career to working with people like me and has a National Patriot Award for working with disabled veterans. We had numerous correspondence on my condition and my location. called one day and asked me if Haggin Oaks was anywhere near my town. I answered that it was actually in my neighborhood! He told me to contact Kelli Corlett and she invited me out to the course. She showed me the SoloRider golf cart, and I decided to see if it might work. After I thought it might just work out, here comes Tom Morton, PGA Director of Coaching and Development giving me a golf lesson allowing me to utilize the skills I had and transfer them to a new way of doing things. On Tom's profile page he is quoted as saying, "Golf, as in life, is about what is possible." He made a believer out of me! Jane Siebers is the Executive Director of the Morton Golf Foundation. You would never guess how difficult and demanding Jane's job is. Primarily because she is always up and positive and always approachable. At every event she is in the cheerleader and knows everyone's name and can be seen offering encouragement. She is the program, however, attributes the program's success to the players and volunteers. She is one of those people you just want to be around. Ken Hurdle is the coach, organizer, coordinator, head volunteer, and on and on and on! On lesson days he arrives early, sets everything up and stays late to tear down. He organizes the groups, makes sure there is water available and is the main contact point between players and the program. He does it all and with a smile and a great laugh. In addition, I was introduced to Mike Woods, PGA Director of Golf & VP of Morton Golf Foundation and became a volunteer starter / roamer on the course for 2 ½ years. What a great experience. Again, Thank You all!!

I would be remiss not to mention the on-course volunteers that are the heart of this program. They are dedicated to doing anything to assist the golfers with any physical tasks, encouragement, and positive reinforcement. The golfers establish relationships with the volunteers just as they do with the other golfers. Although I don't remember everyone by name, there are three individuals that I definitely need to mention. From my first day Mike DeAngelo was like I was playing with a friend. Just a really good guy. Larry Vaccaro and I shared some life experiences and had fun doing a lot of "cracking wise". Jan Luoma was very positive and extremely helpful. She truly enjoyed and understood the volunteer experience and was just a very nice person.

Steve Erdman

Are you, or someone else interested in rehabilitating using the game of golf? Golf Fore Health is the answer! It's much better to rehabilitate outside on the golf course instead of inside an office building.
